

# Adobe INDESIGN CS4 ADVANCED

## 1 Day Course

Design professional layouts for print and digital publishing. Adobe InDesign CS4 software breaks down the barriers between online and offline publishing. Create compelling print layouts, immersive content for playback in the Adobe Flash Player, and interactive PDF documents.

### Who should attend?

This course is most suited to those delegates with a working knowledge of InDesign CS4 who wish to utilise the advanced features of InDesign to benefit production and creativity. The course is suitable for most jobs where advanced professional page layout skills are required and will enable the user to create and edit print based artwork including long documents, plus interactive PDFs and web pages.

The course runs from 9.30 am to approximately 4.00 pm. The course content is a general outline only and if required can be varied to meet your specific needs.
